

# THE HUNGARIAN SMART CITY FORUM

**Dr. Kálmán Kovács**  
chairman

director  
Federated Innovation and Knowledge Centre  
Budapest University of Technology and Economics, Hungary

**SMARTPOLIS Workshop SC in CEE 03 May 2017 Budapest, Hungary**

# Smart City Forum (SCF)

- **Established** in 2014 under the framework of Future Internet National Technology Platform
- **Led by** EIT BME (Federated Innovation and Knowledge Centre of BME)
- **SCF aims**
  - support the developments and implementations of the regional and local SC concepts and strategies;
  - promote the dissemination of ICT RDI activities and applications related to SC strategic objectives;
  - strengthen the cooperation of involved professional actors;
  - keep contact with EU partner organisations;
  - provide “forum” for the dialogue among municipalities and service providers;
  - promote the knowledge transfer among actors of SC developments.

# Areas of SC Forum professional activities

# Smart City Forum (SCF)

## Some SCF activities

- Promote the co-operation among interested parties in the CEE region
- Create the Smart Cities Forum for the CEE countries
- Support the establishment of the Regional Centre of Excellence for Smart Cities (CESC)
- Give professional support for *SMARTPOLIS PROJECT*
- etc

## SCF welcomes

- Municipalities and representatives of municipality associations
- Institutions and businesses interested in SC RD
- Government body and civic organizations
